## CALIFORNIA

California is alive with activity in parapsychology, metaphysics and other significant areas of human growth potential. Uni-Com Foundation directly supports this activity by serving as its information hub.

The major service which the Foundation now provides is UNI-COM GUIDE, a monthly calendar of spiritual and personal awareness activities scheduled throughout California. This popular publication allows "new age" organizations to announce in advance the dates and contents of their meetings to a large and interested audience of individuals and other organizations. The cost of publishing UNI-COM GUIDE is supported by paid advertising and by modest subscription fees of \$5 /year, or \$8 / two years.

In the process of gathering information for UNI-COM GUIDE, the Foundation becomes aware of leaders who are available for service in counseling, speaking, teaching, research, seminars and retreats. Frequently this awareness, discreetly coupled to organization needs for such talent, results in effective new relationships. Uni-Com Foundation does not solicit funds for this and other informal services but is supported by those who see the value of such work and voluntarily wish to become a sustaining part of it.

Uni-Com Foundation is a non-profit and non-denominational corporation which lovingly encourages the achievement of a loving society. Uni-Com also offers two additional services of a mail order book catalogue and a small monthly pamphlet of articles by Metaphysical teachers.

**KEN KEYES, JR.**

One who walks in the Living Love Way is constantly aware of the basic importance of loving everyone unconditionally, including oneself. This means that there must be a developing awareness of the heavy requirements we lay on people to fit in with our security, sensation, and power programming or conditioning. We develop an understanding of the ways in which we throw people out of our hearts. We realize that our life will not work to yield happiness as long as our prestige, our pride, or our sensation, security, or power trips require people to be other than they are.

We learn to label as "addictions" all of these heavy emotion-backed demands that we use to automatically trigger anger, fear, jealousy, resentment, irritations, boredom, rage, or a feeling of loss. All addictions sooner or later make us reject what is here and now in our life. To grow into higher consciousness, we must uplevel these addictions or demands into "preferences". For example, if I demand that people always agree with me, I will be separating myself from many people who can contribute energy to my life. If I uplevel my "addictions" to receiving instantaneous agreement into a "preference". I will then be able to be calm, tuned in, and loving when people start to disagree with me. This helps my life to work better for it can introduce me to new ways and also enlarge the energy circle within which I flow.

We find that many benefits occur in our every day lives when we uplevel addictions to preferences: (1) We can remain here and now instead of dominating our precious consciousness time by the past or future, (2) we are able to love everyone unconditionally (including ourselves) for we find that it is natural to love when we reduce our load of addictions, (3) our rational mind begins to calm down for it is no longer kept churning by emotion-backed addictions or demands, (4) we begin to experience a deep state of peace in our heart for it is only addictions that trigger the sympathetic nervous system activity that creates negative emotions, (5) our energy increases for it is largely our addictions that rip off energy and require us to sleep so much, (6) our insight and perceptiveness enormously increase because when we are addicted we only see that which we fear or desire, (7) we experience life enormously fulfilling, and (8) we discover at last that it is possible to be joyous and happy all the time.

The Twelve Pathways on the next page offer us ways in which we can uplevel addictions into preferences and thus make a giant step towards higher consciousness. Whenever you are in any way rejecting what is here and now in your life, just look over these Pathways and find which ones you are forgetting. Whenever you are following the Twelve Pathways, you will find that you are experiencing a deep love, peace, inner fulfillment, and happiness that enable you to totally enjoy your life.

# TWELVE PATHWAYS

## TO THE HIGHER CONSCIOUSNESS PLANES OF UNCONDITIONAL LOVE AND ONENESS

### Liberating My Conscious-awareness

1. I am freeing myself from security, sensation, and power addictions that make me try to forcefully control situations in my life, and thus destroy my serenity and keep me from loving myself and others.
2. I am discovering how my consciousness-dominating addictions create my illusory version of the changing world of people and situations around me.
3. I welcome the opportunity (even if painful) that my minute-to-minute experience offers me to become aware of the addictions I must re-program to be liberated from my robot-like emotional patterns.

### Being Here Now

4. I always remember that I have everything I need to enjoy my here and now unless I am letting my consciousness be dominated by demands and expectations based on the dead past or the imagined future.
5. I take full responsibility here and now for everything I experience for it is my own programming and actions that create the reactions of everyone around me.
6. I accept myself completely here and now and consciously experience everything I feel, think, say, and do (including my emotion-backed addictions) as a necessary part of my growth into higher consciousness.

### Interacting With Others

7. I open myself genuinely to all people by being willing to fully communicate my deepest feelings since hiding in any degree keeps me stuck in my illusion of separateness from other people.
8. I feel with loving compassion the problems of others without getting caught up emotionally in their predicaments which are offering them messages they need for their growth.
9. I act freely when I am tuned in, centered, and loving, but if possible I avoid acting when I am emotionally upset and depriving myself of the wisdom that flows from love and expanded consciousness.

### Realizing Cosmic Consciousness

10. I am continually calming the restless scanning of my rational mind in order to perceive the finer energies that enable me to unitively merge with everything around me.
11. I am constantly aware of which of The Seven Centers of Consciousness I am using, and I feel my energy, perceptiveness, love and inner peace growing as I open all of the Centers of Consciousness.
12. I am perceiving everyone including myself, as an awakening being who is here to claim his or her birthright of the higher consciousness planes of unconditional love and oneness.

# PEOPLE YOU SHOULD KNOW

## ROY EUGENE DAVIS

Our subject this month is one of the best known meditation teachers in the country. He is a disciple of Paramahansa Yogananda and the author of ten books. Mr. Davis visits California twice a year.

**UNI-COM:** What is the scope of your ministry?

**DAVIS:** Our base is the Center for Spiritual Awareness in Lakemont, Georgia. We have ten acres, with a large printing plant, several homes for residents and a rustic lodge for summer programs. Our major outreach is through books (CSA Press), a correspondence course, and my own seminars given in several major cities each year. At present we have about 7000 active students who are affiliated with us.

**UNI-COM:** What is your teaching emphasis?

**DAVIS:** Because of my background with Yoganandaji, our emphasis is upon a disciplined life and regular meditation. Through our Press we publish books by other authors, such as Dane Rudyard and other responsible teachers. While we recognize the fact that students have the right to seek their own way, our stress is on the basics, responsible living while remaining attuned to God's will. Unfortunately, today many people are attracted to the "big promise" and the "easy way" to enlightenment. I am still of the conviction that the best way to make progress on the spiritual path is to work with a self-realized teacher and settle down to a program of disciplined practice.

**UNI-COM:** Can anyone be enlightened?

**DAVIS:** Any intelligent person who makes the decision to awaken in this incarnation has a good chance of going all the way. After all, enlightenment is a matter of awakening to our real nature, as pure consciousness.

# PEOPLE YOU SHOULD KNOW

## MICHAEL JACKSON and HIS CONSCIOUSNESS MOTIVATION METHODS

seeking a better understanding of consciousness motivation and its uses, I talked to David Evans, Vice-President of Hypnosis Methods, Inc.

**UNI-COM:** What is Consciousness Motivation?

**DAVID:** Consciousness motivation is a very simple technique whereby an individual can use the process of auto suggestion on an everyday basis to achieve realistic goals, success in business and a well rounded family unity.

**UNI-COM:** Who is Michael Jackson?

**DAVID:** Mike is the son of 2 spiritual healers. He has been using the technique of consciousness motivation for his own personal development for 17 years. Two years ago Mike felt that this program would be beneficial to others and formed Accelerated Hypnosis, Inc. Within a short span of two years his method has been presented to thousands of people all over the United States. Mike has also founded a teaching center in Denver, Colorado. For education as well as research of the subconscious powers of the mind.

**UNI-COM:** The tapes that you have put this material on seem to be programmed to train the mind to evaluate what it now is programmed for.

**DAVID:** Each tape covers a different phase of what we do in our daily lives, and is structured to help individuals to help themselves with the task of overcoming mental blocks and hang ups.

**UNI-COM:** Are these classes that you present for everyone?

**DAVID:** Yes, they are structured to fit the needs of people in all walks of life.

# EDITORIAL

When people are searching for information in the fields of Parapsychology and Metaphysics they forget to look to the areas that are being brought to our attention daily as an aid to cosmic education. Some of the methods being used are radio, television, theatre, picture shows, comic strips, cartoons, and of course science fiction. Childrens books are an excellent source of Metaphysical teachings. For those who can remember the days of Buck Rogers, if you stop and think, you will realize that much of that has come true. What better tool to train people with. Many of the advances that we are seeing in the scientific field today we saw in stories or science fiction a few years ago. People who are not at the stage of being interested in Parapsychology now are being given information which will help them when they are ready. They will have some background in which they can draw upon.

There are many very dedicated teachers and researchers working daily in the field today to bring a greater knowledge and understanding to the human race. Many of these people are working without thanks or funds, but only because they wish to bring to humanity the greater teachings.

Every one, including the Metaphysician is wrapped up in the gas crisis, the water-gate affair, and etc. It can keep you really geered up all day. Instead of giving power to these things with constant discussion, why not try and turn the discussion into a more powerful meaning. Start talking about the beauty of the things around you, and of life itself when you stand in the gas line. Discuss some of the programs that you feel have been new age teachings and see what kind of feelings others have about them. You do not have to mention the kind of things you are interested in, only what they feel about what they hear. You just might turn some body on to your way of thinking!

## THE GREAT INVOCATION

From the point of Light within the Mind of God  
Let light stream forth into the minds of men.  
Let Light descend on Earth.

From the point of Love within the Heart of God  
Let love stream forth into the hearts of men.  
May Christ return to Earth.

From the centre where the Will of God is known  
Let purpose guide the little wills of men  
The purpose which the Masters know and serve.

From the centre which we call the race of men  
Let the Plan of Love and Light work out.  
And may it seal the door where evil dwells.

Let Light and Love And Power restore the Plan on Earth.

# CHIT-CHAT

The Science and Spirit Exposition was a very beautiful presentation. Harmony flowed between the groups as never before. We feel that much was accomplished on a very high plane. Watch for a special report in the May issue on this group and what they are planning for the future.....

If you have not investigated into the magazine Psychic Times, we suggest you give it a look. It will make a big step forward in the areas that we are lacking in communication.....

For those of you who missed seeing Bea Klein while she was in Northern California, you must plan to catch her next time. Those of you in southern California have it lucky. Bea Klein Lydecker has a very special way with animals. One that is more than that of communication. Her theory on working with animals is one that all of us you have pets should take a listen to' .....

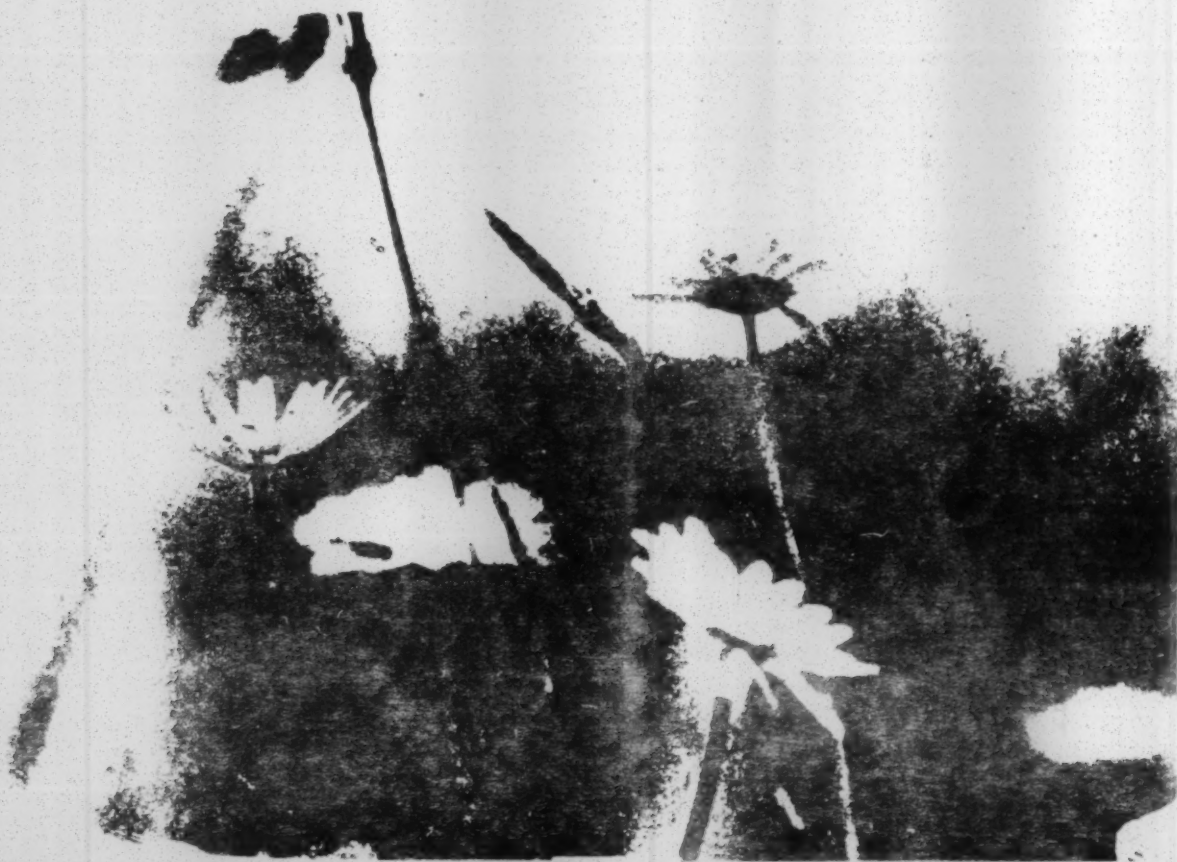

We wish again to comment on the expansion of the ICC group, headed up by Leland Stewart. Groups should investigate and see what is happening as far as group communication is concerned..... They now have several chapters on the east coast, bringing a tremendous working group into being.....

At the next group gathering or festival, if George Cooper and Bill Cox are present, have a talk with them, they have some interesting information to impart. Bill is doing a lot of research with Huma-tech on the results of before and after pyramid meditation. As soon as results are tabulated we will have them in the Guide.....

We need information regarding meditation groups open in areas of San Mateo, San Jose, and in several southern California locations. If you have information, please call and let us know.....

Those of you in the San Jose area a beautiful group called the Church of Ageless Wisdom meets every Friday nite. Call 246-2854 for information. Don't call unless you are really interested in the higher levels of study.....

Uni-Com office hours are week-days between the hours of 11 and 4. Please keep your calls to that time period. It makes things a little less hectic! .....

# **Cosmogenic ART**

*Patricia Elaine*

*Wortman*

The Art of The Cosmos, is a beautiful experience of blending colors and images that touch a deep spiritual awakening within each student. Work is done with the hands, no brush or pallet, using techniques that have been developed over many years. When the hand comes in contact with color a very strange and wonderful feeling is in store for the student. Classes are usually conducted with a background of music. The student has the opportunity of learning self awareness, creativity and spiritual advancement through these techniques!

Here is a book as complex and individual as you are. It's not light reading because it's your life, your astral biography, from the details of your inner feelings to your outermost ambitions.

Sun-Moon polarity, as the connection between conscious drives and unconscious feelings, is discussed at great length.

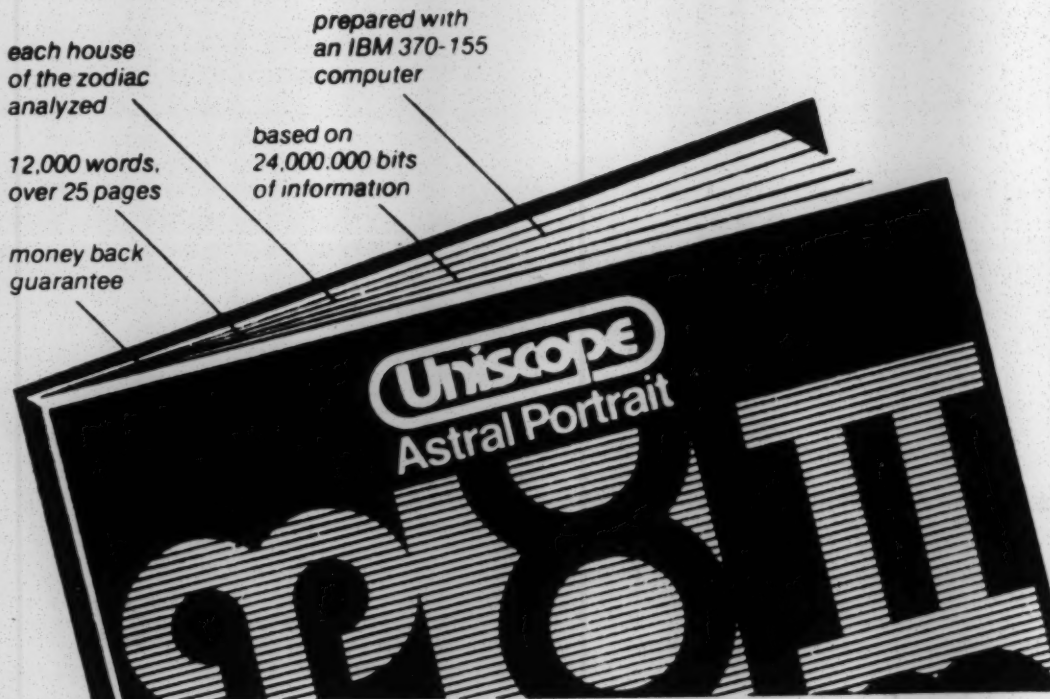

The ascending sign and its rulership position is interpreted as your personality, as your approach to life. Each house of the zodiac is described in terms of planets, rulerships and aspects.

This is not a vague report based on generalities. From your exact time, day, year and place of birth our IBM 370-155 sorts out 24,000,000 bits of astrological information. The result is a 12,000 word personal biography revealing secrets that even your closest friends would not dare talk about.

How is this possible? An astrologer does basically the same thing, but it takes longer and costs more. The computer is simply a memory bank. Only the information that applies to you and only you is drawn from the bank.

All this is yours for only \$10. It's the best buy there is in computerized horoscopes. Plus a money back guarantee if your Astral Portrait isn't what you expected.

Think of it as a reference book, to be studied from time to time. We've got the best available, anywhere, at anytime... and at any price.
